

You Can Recycle Your Take-Out Containers

Each of us can make a difference every day.

STEP 1

Many clear plastic, glass, and foam (commonly mistaken as Styrofoam) food containers can be recycled.

STEP 2

Clean Your Food Container or Cup. Clear plastic, glass or foam food containers must be wiped or rinsed.

STEP 3

Place in Recycling Bin Curbside. For City of San Diego residents, check www.sandiego.gov/environmental-services/recycling for information about recycling.

Recycling Makes a Difference!
