WHEREAS, in the Summer of 2020, the City Council approved emergency ordinances allowing for temporary outdoor business operations as an emergency response to the COVID-19 pandemic (Emergency Outdoor Operations Regulations); and

WHEREAS, the Emergency Outdoor Operation Regulations allowed certain businesses to conduct outdoor dining and other outdoor activities within the public right-of-way so dining establishments could continue to operate when indoor operations were restricted due to public health orders issued to protect public health; and
WHEREAS, while originally conceived as an emergency response to the pandemic, the City wishes to make outdoor dining and other outdoor activities permanent; and

WHEREAS, the City’s Planning Department has developed the “Spaces as Places” initiative to provide permanent options for multiple outdoor activities, including dining and recreation that simultaneously provide flexibility for business owners to use the public right-of-way while contributing to the enjoyment of the public space for people with all abilities, and increasing opportunities for a more enjoyable pedestrian travel; and

WHEREAS, Spaces as Places will allow some eating and drinking establishments to operate indoors and outdoors, with outdoor dining representing an expansion of an eating and drinking establishment’s seating capacity to enhance the overall public experience within the public right-of-way as well as allow for greater recreational use of the public right-of-way; and

WHEREAS, Emergency Outdoor Operations Regulations permits will not be issued in zones where Spaces as Places is effective. In Coastal Zones where Spaces as Places is subject to the approval of the California Coastal Commission and prior to the California Coastal Commission’s approval of this Ordinance, Emergency Outdoor Operations Regulations permits will be required for applicable business operations while those Emergency Outdoor Operations Regulations remain in effect. Should the Emergency Outdoor Operation Regulations expire prior to the approval of this Ordinance by the California Coastal Commission, businesses within the Coastal Zones will not be able to utilize these regulations until the California Coastal Commission approves this Ordinance; and

WHEREAS, the City will require the payment of an Exclusive Use Fee in some instances prior to issuance of a public right-of-way permit for creating outdoor spaces; and
WHEREAS, it is anticipated that Spaces as Places will transform streets into more healthy, sustainable, and vibrant neighborhood components and strengthen the local economy;

NOW, THEREFORE,

BE IT ORDAINED, by the Council of the City of San Diego, as follows:

Section 10. That Chapter 14, Article 1, Division 6 of the San Diego Municipal Code is amended by amending section 141.0621 and adding sections 141.0628 and 141.0629 to read as follows:

§141.0621 Sidewalk Cafes, Streetaries, and Active Sidewalks

The sidewalk cafes, streetaries, and active sidewalks regulations establish requirements for outdoor dining and other uses located within the public right-of-way. For the purposes of this Section, sidewalk cafes are defined as outdoor dining spaces located within the sidewalk area of the public right-of-way that are associated with adjacent eating and drinking establishments; streetaries are defined as outdoor spaces located in a street space formerly dedicated to parking spaces that serves as an extension of an eating and drinking establishment; and
active sidewalks are defined as the permanent extension of the curb into the
public right-of-way to facilitate activation of the public right-of-way through
recreational amenities, landscaped areas, seating areas, farmers market, artworks
or outdoor dining. Sidewalk cafes, streetaries, and active sidewalks are permitted
as a limited use in the zones indicated with an “L” in the Use Regulations Tables

(B) The decision maker will evaluate the request in accordance with the adopted land use plan and Land Development Manual to determine if a sidewalk cafe with the proposed deviation is a suitable use for the proposed site and will not infringe on use of the public right-of-way by pedestrians. In making the determination, the decision maker shall consider the following:

(i) The width of the sidewalk;

(ii) The design and relationship of the sidewalk cafe to other existing or planned uses in the vicinity;
